# Weekday Collection

Hannes & Fritz's Weekday Collection came about after a lack of seating at a dinner party prompted the designer duo to build a primitive solution, which later evolved into a collection of outdoor tables and benches.

Reminiscent of the classic picnic bench and table, Weekday offers the same sense of familiarity and invitation to shared eating experiences. Solid pine planks reinforce the strength of character and welcoming expression, while giving the furniture greater robustness and durability. Weekday's universal quality makes it ideal for a wide range of outdoor settings, from cafés and public spaces to private or shared gardens.

## Hannes & Fritz

Hannes & Fritz is a design collaboration between German-Swiss design duo Johannes Breuer and Fritz Gräber, who met at ECAL in Lausanne, Switzerland. What started as a friendship developed into a spontaneous design collaboration with the construction of a bench at a dinner party, and resulted in their successful partnership. Both designers bring their unique skillset to the collaboration, with Fritz favouring a more dynamic, expressive design language, whilst Hannes takes a more linear approach.

The duo design for a number of international furniture companies, often starting their projects by exploring existing archetypal forms, before defining them in a more contemporary context. For HAY, Hannes & Fritz have designed the Weekday Table and Bench collection.

## WEEKDAY COLLECTION

DESIGN BY HANNES & FRITZ, 2023

First designed as an impromptu solution to a lack of seating at a dinner party, designers Hannes & Fritz refined their idea to create Weekday – a collection of outdoor benches and tables for HAY.

Retaining the original idea of bringing people together, Weekday's solid, robust presence and softly rounded joints convey a sense of warmth and familiarity that invites shared dining and a social atmosphere. Featuring the same construction as the classic picnic table and bench, Weekday is made in strong, durable pine planks that will patinate beautifully and last for many years to come.

Weekday's strong yet universally appealing character combined with its multiple size options and water-based, weather-resistant surface treatment makes it suitable for outside use in a wide range of settings, from cafés and public parks to private or shared gardens. Made in solid pine in different finishes and colour options, with the possibility to supplement benches with seat cushions in selected textiles for extra comfort.

### HIGHLIGHTS

- An outdoor collection of tables and benches in varying sizes and colours.
- Made in solid pinewood with a weather-resistant surface treatment for outdoor use.
- Featuring the same construction as the classic picnic table and bench.
- Robust presence combined with softly rounded joints.
- Available in different finishes and colour options.
- Knock-down construction that only requires screw assembly.
- FSC™-certified.
- Suitable for a wide variety of outdoor, private and public environments.
- The wood has been dried to a humidity specifically for outdoor use, which enables it to withstand outdoor conditions. Therefore, we recommend that it is only used outdoors to avoid risk of wood shrinkage.

## WEEKDAY CUSHION COLLECTION

Adding extra comfort and functionality to the Weekday Bench, the Weekday Cushion is specially formed to fit the different bench models. Lightly padded, it features a convenient button fastening underneath the seat that keeps the cushion securely in place.

The fabric is Teflon®-coated for a water-repellent finish and has a high UV resistance, meaning it is fade-resistant with good colour fastness properties. The cushions are available in different sizes and colours and can be used all year round.
